Reference: Progress Report for June Activity Log

Gentlemen:

At the June Management Review Meeting it was agreed that [REDACTED] would assume the responsibility for Action Item Number 5 of referenced. This item calls for software functions to be identified for estimates of regular evaluation of degree of completion. It was further agreed that such reporting will permit both Agency and [REDACTED] management to track the progress of the [REDACTED] Project. The selected functions are on the attached list, it is expected that the functions will be reported on as follows:

- (a) Complete.
- (b) If not complete, start date and date of completion, and the number of people assigned.
- (c) Not yet scheduled.
